CSE COLLOQUIA

Introduction:

Welcome to Colloquia CSE, a premier competition set to shine in Wissenaire'24, East India's highly anticipated tech fest. This event provides a platform for individuals to showcase creativity, knowledge, and technological prowess.

Event Format:

Round 1:

Objective:

Face an online elimination round with 15 challenging MCQs to test your knowledge and expertise. Secure a spot in the next stage by performing at your best.

Selection for Round 2:

The teams displaying the most outstanding performance will advance to the final round, with only the top 8 securing a place in the next stage of the competition.

Round 2:

Objective:

In the final round, the leading teams from Round 1 will engage in a competition to elevate their initial concepts to a higher level. The objective is to cultivate fresh, more innovative ideas by delving deeper into the knowledge within their chosen domains.

Task:

Each team will have a maximum of 12 minutes to present their improved ideas to the judges, building on their initial concepts. The challenge remains to captivate the audience and judges with your innovation and vision.

Result:

The team that excels in creativity, presentation quality, report quality, and the Question and Answer session will be crowned the champions.

Domains:

- Natural User Interface (NUI)
- Human Computer Interface (HCI)
- Bioinformatics
- Computational Linguistics
- Brain Computer Interface (BCI)
- Internet of Things (IoT)
- Aerial Surveillance
- Collaborative Computing
- Data Science
- Data Mining
- Software defined Networks
- Virtualization Technologies
- Cyber Security Automation
- Quantum Computing
- Non-Volatile Memory
- Advanced Machine Learning
- Cyber Security & Surveillance Team

Rules and Regulations:

1. **Team Composition:**
   - This is an individual competition. No team entries allowed.
2. **Online Elimination Round:**
   - Any form of cheating or misconduct will result in immediate disqualification.
3. **Domains:**
   - Participants must choose one specific domain from the provided list for their presentations.
4. **Presentation Duration:**
   - Each participant has a maximum of 12 minutes for their presentation.

- Presentations exceeding the time limit may face score reductions.

5. **Plagiarism:**
   - Plagiarism in any form is strictly prohibited.
   - Participants found engaging in plagiarism will be disqualified.

6. **Location:**
   - Presentations will be conducted on the IIT Bhubaneswar campus.

Judging Criteria:

- **Questions and Answers Session:** Each team will face a maximum of 3 minutes of questions from the judges after their presentation.

- **Scoring:** Teams will undergo assessment with a focus on creativity, presentation quality, and the depth of knowledge demonstrated in their given presentations.

- **Final Decision:** The final decision will be made by the Technical Team of Wissenaire under all circumstances.
